

ILLINOIS ROOFING INDUSTRY LICENSURE EXAMINATIONS

The following information should help you prepare for the Illinois Roofing Industry licensure examinations. Part I contains general information about testing procedures. Part II describes the content of each examination and recommends study materials. Part III provides sample questions to help you prepare for these examinations. All questions are supported by one or more of the references identified in this bulletin.

Part I General Information

PURPOSE OF THE EXAMINATIONS

These examinations are required for professional licensure of Roofing Contractors by the Illinois Roofing Industry Licensing Act. Refer to the Act for a legal description of the profession and to determine which license you need. Copies of the Act are available from the Illinois Department of Financial and Professional Regulation (IDFPR) on its website at <http://www.idfpr.com>.

TEST VALIDITY & TEST LENGTH

These examinations have been developed under the jurisdiction of IDFPR and reflect specifications, standards and practices that are supported by roofing industry professionals. All questions on these examinations have been subjected to strict psychometric controls and reviewed by a panel of roofing professionals.

The time limit for the Illinois Residential Roofing Examination (limited license) is 90 minutes; the time limit for the Illinois Residential, Commercial and Industrial Roofing Examination (unlimited license) is 2½ hours. The Commercial and Industrial Roofing exam is available only for candidates who already hold the Residential (limited) license and wish to qualify for the unlimited license; the time limit for this exam is 90 minutes.

CANDIDATE ELIGIBILITY

As mandated by Illinois statute, qualifications include verifiable experience in specified areas of employment and education as well as good moral character. If you wish to receive eligibility information, contact IDFPR for details.

APPLICATION FOR CANDIDACY

Obtain the proper application packet(s) from IDFPR or on their website. Complete the packet as instructed. You will be notified of your candidacy status (Accepted or Denied). If accepted, you will be notified of the date, time and site of the examination approximately 10 days prior to the date of the test.

STUDY MATERIALS & REFERENCES

Study materials for these roofing contractor exams can be purchased directly from the National Roofing Contractors Association (NRCA) or from other online sources such as Amazon.com or Barnes & Noble's website (bn.com). All questions on these examinations are supported by these references.

MISSING AN EXAMINATION

There are no "make-up" examinations. You may re-register for the next examination date. **THERE ARE NO REFUNDS.**

WHAT TO BRING TO THE EXAM

Each candidate should bring two (2) sharpened Number 2 black lead pencils. Candidates also may bring a non-programmable, non-printing, solar- or battery-powered portable or pocket calculator. No power source will be available for calculators at the test site. No other types of calculators, computers, electronics, markers or writing tools will be permitted at any time during this examination.

**SUCCESS/
LICENSURE**

Candidates who score 70 or higher will receive a PASS notice and an application for licensure.

**FAILURE/
RE-EXAMINATION**

Candidates who score below 70 will receive a FAILURE notice and an application for re-examination. **As long as your employment, educational experience and application remain valid, there is no limit to the number of times you can take these tests.** Requalification may be necessary in some cases. Candidates are encouraged to retake the examination; many candidates who initially failed such an exam pass on subsequent attempts.

Part II Test Content and Recommended Study Materials

The Illinois Roofing Industry Licensing Act specifies two classifications of roofing contractor: Residential (limited) and Residential, Commercial and Industrial (unlimited). The Commercial and Industrial examination form is available only for candidates who already hold the Residential (limited) license and wish to qualify for the unlimited license. Content areas in each test form are outlined below. Sections 1-5 appear in all tests; Section 6 appears applies only to commercial and industrial roofing.

	Residential (Limited License)	Residential, Commercial & Industrial (Unlimited License)	Commercial & Industrial (See note below)
1. Safety & Employee Protection	25 Questions	25 Questions	15 Questions
2. Roofing Preparation & Materials	12 Questions	20 Questions	10 Questions
3. Steep-Slope Roofing Systems	20 Questions	35 Questions	15 Questions
4. Low-Slope Roofing Systems	8 Questions	15 Questions	10 Questions
5. Rules, Regulations & Business Practices	15 Questions	20 Questions	15 Questions
6. Non-Residential Roofing Systems	None	15 Questions	15 Questions
Total Test Length	80 Questions	130 Questions	80 Questions

NOTE: The Commercial and Industrial examination form is available only to candidates who already hold the Residential Roofing (limited) license and wish to qualify for the unlimited license.

STUDY MATERIALS FOR ILLINOIS ROOFING CONTRACTOR EXAMINATIONS

The Illinois Roofing Licensing Act and Rules are available free online. The last eight references listed below can be purchased from the National Roofing Contractors Association (NRCA) bookstore at www.nrca.net. These references support all questions on the Illinois Roofing Contractor examinations. NRCA members receive a discount for NRCA books, but NRCA membership is not required to be licensed. The NRCA Roofing Manual may be purchased as a set or by individual volumes.

1. Illinois Roofing Industry Licensing Act and Rules, Illinois Department of Financial and Professional Regulation. Copies are available from IDFPR at <http://www.idfpr.com>.
2. *The NRCA Roofing Manual. Four Volumes, 2018-2021* (oldest volume usually updated annually)
3. *The NRCA Safety Manual, Third Edition* (2012)
4. *NRCA Pocket Guide to Safety* (2015)
5. *The NRCA Waterproofing Manual* (2005).
6. *A Practical Guide to Handling Asbestos-Containing Materials, NRCA*
7. *Repair Manual for Low-Slope Membrane Roof Systems, 2nd Edition* (2018)
8. *NASCLA Contractors Guide to Business, Law and Project Management, 12th Edition*, 2017. National Association of State Contractors Licensing Agencies (NASCLA).
9. Atcheson, Daniel, *Roofing Construction and Estimating* (1995)
